Visual Designer/Freelance Designer - Majano Studio

Being a freelance designer for Majano Studios, I am responsible for creating visually engaging and innovative web-based, print based, and mobile products. Understanding that the visuals are just a small part of the bigger whole, that enhance the cultivated bonds between customers and brands, and engage with the human response.

Graphic Designer / Notary - UPS Printing 2020-2022

As a print production/graphic designer/pre-press specialist, I am using the latest printing technology along with the Adobe Creative Cloud to help clients effectively create and produce brochures, newsletters, marketing materials, business cards, catalogs, high-quality banners and signage, mailing campaigns and much more!

Graphic Designer - UNCC Sanscript 2019-2020

Designer for the University of North Carolina Charlotte, given the opportunity to design logos, promotional marketing materials, and work with a team on various collaborative projects.
